

**ISAAC JASPER BORO COLLEGE OF EDUCATION  
(IJBCOE), SAGBAMA-BAYELSA STATE  
SCHOOL OF SCIENCE  
DEPARTMENT OF COMPUTER SCIENCE**

**OUR MISSION**

To build, conserve and impart knowledge in Computer Sciences/Education, and thereby contribute to the complete enhancement of science teacher education for the people of Bayelsa, Nigeria and beyond.

**OUR VISION**

The Department runs with the vision of the College to stimulate, maintain and refine through all anticipated educational futures for humanity, a dependable supply of suitably prepared NCE graduates manpower stock.

**FOREWARD**

The department of Computer Science Education started at the inception of the College in 2007 with the 3-year Nigeria Certificate in Education (NCE) programme. The department presently running courses for the award of Nigeria Certificate in Education (NCE) programme (Computer Science option). The courses are carefully designed to give the students a broad and sound scientific knowledge in Computer Science in line with the Nigeria Certificate in Education minimum standard for sciences. Successful completion of the NCE programme in this department affords the students the opportunity of effective teaching in primary and secondary schools (both public and private).

The department is blessed with qualified, properly exposed and renowned scientists/educationists as lecturers, kind and friendly administrative and technical staff who are ever willing to help students build a future they will ever live to remember. The department has one well equipped ICT Center with qualified staff that are always willing to assist students in their practical classes and expose them

to the use of ICT gadgets. After registration, students are assigned Academic Advisers in the department who provide adequate guidance and counseling on academic and personal matters. Students are encouraged to make good use of these services.

I welcome every student admitted into this unique department and I do believe that you will make the best use of this opportunity because you are fashioned for excellence. There is a great challenge on every student to address himself/herself adequately to the enormous task of pursuing his/her studies with vigour and ensure that he/she sails through the demands of the courses spelt out in the department without recourse to unwholesome techniques and practice.

On behalf of the entire staff of the department, I welcome you to a productive, successful and exciting time of studentship in the distinctive department of COMPUTER SCIENCE

Remain blessed!

**Dina W. Otobo**  
**(Head of Department)**
